Our spring book is "The Night Strangers" by Chris Bohjalian.

Chip and Emily Linton and their twin daughters move to a new house in New Hampshire. Chip, an airline pilot, may have been responsible for the deaths of 39 people during an engine failure. They are trying to rebuild their lives. The new house, however, is odd, and so is the town they've moved to. There's a strange door in the basement. Is Chip going insane? If you have previously joined the Book Club, the title will be ordered for you. If you would like to join, sign up at the Circulation Desk. This book is available in large type, as a downloadable ebook, and audiobook.
